

Dear Planning Board,

My name is Harrison Bell and I am proposing the addition of three one bedroom apartments to be located in an existing structure in the rear corner of 485 High Street. I am asking to combine the Master Plan with the Preliminary Plan. The property currently consists of a single family home, a four unit apartment building, and a three car garage with a second story loft. There are a total of five units with one unit rented through South Kingston Housing Authority. Thank you for your consideration.

Sincerely,

Harrison Bell
