Mr. Benhan

The Union Fire District Fire Marshal's Office has reviewed the Plan for the Village at Broad Rock.

In reference to Hydrant location and turning radius.

After reviewing these plans this office has found that the Hydrant location is in the correct location. The turning radius at the cul-de-sac meets the Rhode Island Fire code for fire equipment turning.

If you have any further questions regarding this matter, please feel free to contact me.

With regards,

Dennis Bernier
