***Letter of Eligibility: South County Commons Building 28 Apartments, 0 Hotel Drive, South Kingstown, RI, Plat-50, Lot 21***

Dear Mr. DiPrete and Mr. Hayden,

RIHousing has received your application for a letter of eligibility to pursue a Comprehensive Permit in the Town of South Kingstown. You have represented that you propose to construct a fifty-two (52) unit rental Development comprised of:

- a. Twenty-four (24) one-bedroom one one-bathroom units of which six (6) units will be affordable; marketed and rented to households earning a maximum of 80% AMI.
- b. Twenty-eight (28) two-bedroom two-bathroom units of which seven (7) units will be affordable; marketed and rented to households earning a maximum of 80% AMI.

Under the requirements for affordability and monitoring R.I.G.L. 45-53-3, the construction or rehabilitation of qualifying low- and moderate-income housing units will remain affordable through a long-term land lease and/or deed restriction recorded with the Town of South Kingstown; or a federal, state, or municipal subsidy program that is not less than thirty (30) years from initial occupancy.

After a preliminary review of the plans and financial assumptions for the proposed fifty-two-unit (52) rental Development with fourteen (14) affordable units for households earning up to 80% of the AMI, all to be located at **Plat 50, Lot 21** in South Kingstown, RIHousing has determined that:

- This project appears to be eligible for a municipal subsidy under R.I.G.L. Title 45 Towns and Cities, Chapter 45-53 Low- and Moderate-Income Housing, Section 45-53-4 Procedure for approval of construction of low-or-moderate-income housing.
- In conformance with R.I.G.L. 45-53-3(5), RIHousing performed an on-site inspection of the site and reviewed pertinent information supplied by the applicant.
- The initial project proforma was reviewed and the project appears to be feasible based on projected overall development costs and potential sources.
- The applicant, ***SCC Investments II LLC***, has provided evidence of site control.
