**TOWN OF SOUTH KINGSTOWN
PLANNING BOARD
PROJECT REVIEW APPLICATION FORM**

This Application Form is to be submitted with each stage of review.

APPLICANT INFORMATION

Applicant Name: Lee G. Hemmerle Trust
Name of Primary Contact (if applicant is an organization): Kim Jones
Applicant Address: 1650 Bennington Hollow Lane, Reston, VA 20194
Applicant Phone: 207-944-9200 Applicant Email: kjonesvz@yahoo.com

OWNER INFORMATION

Owner Name(s): Lee G. Hemmerle Trust
Owner Contact Information: Kim Jones (as above)

PROJECT INFORMATION

Assessor's Plat and Lot of Parcel(s) Proposed for Subdivision/Development: AP 74 Parcel 7
Physical Address or Location of Parcel(s): 350 Ministerial Road, South Kingstown, RI
Zoning District(s) of Parcel(s): R-80 Total Size of Development Parcel: 7.8 Acres, m/l
Date of Initial Meeting with Planning Department Staff (before first stage of review): 09-22-2020

OWNER AUTHORIZATION FORM

Submittal Date: _____

Owner Authorization Forms for each owner of the property being considered for subdivision/development is to be submitted with each stage of review. If no changes to the ownership have occurred since the last stage of review, a copy of the previously submitted Form may be submitted with an updated Submittal Date.

I, Kim A. Jones hereby certify that I am an/the owner of property designated as Plat _____, Lot _____, as shown on the Town of South Kingstown Tax Assessor Maps.

I further certify that I am the owner of the development rights for this property.

I hereby authorize and am in agreement with the application, signed by Kim Alyson Jones (applicant), for subdivision or development for the subject property. Said application is to be submitted to the Planning Department of the Town of South Kingstown for review and decision by the Planning Board.

WITNESS its name this 1st day of April, 2021

BY: Kim A Jones
Signature of Owner

STATE OF RHODE ISLAND

CONCEPTUAL MASTER PLAN CHECKLIST
Major Subdivision

To initiate the application, the applicant shall submit to the Administrative Officer:

- ✓ 1. The application review fee, as established by the South Kingstown Subdivision and Land Development Regulations;
- ✓ 2. Sixteen (16) copies of the Project Review Application Form, printed double-sided;
- ✓ 3. Two (2) copies of the Project Team Form*;
- ✓ 4. One (1) notarized Owner Authorization Form for each owner of property proposed for subdivision*;
- ✓ 5. Six (6) full size, paper copies of each required plan/sheet, as indicated in Sections (A), (C), (D), and (E), below;
- ✓ 6. Major subdivisions proposed as Flexible Design Residential Projects (FDRPs) shall submit six (6) full size, paper copies of an Open Space Use Plan, as described in Section (F), below;
7. The number of copies of each of the required supporting materials, as indicated in Section (G), below, printed double-sided as may be appropriate; and
8. PDFs of all application materials (all application forms, plans, and supporting materials), which are to be uploaded to the Town's FTP site.

**Forms must be submitted with each application. If no change has occurred in the Project Team or related to the ownership of the parcel since Pre-Application Concept Review submittal, duplicate copies may be submitted with notation of current date of submittal.*

If subsequent submittal of a revised plan set is required, the Administrative Officer will indicate how many full size and/or reduced copies are required. Each revised plan set shall also be submitted as a PDF(s). **When the plan set is ready for review by the Planning Board, ten (10) reduced (11 x 17) copies of the plan set will be required.**

The Administrative Officer shall have the authority to determine if any of the requirements of this Checklist are not applicable to the proposed development and therefore not required for a Certificate of Completeness to be issued.

✓ **(A) Cover Sheet**

The Conceptual Master Plan set shall include a Cover Sheet, which includes, at a minimum, the information listed below:

- ✓ 1. Name of the proposed subdivision
- ✓ 2. Plat and lot number(s) of the land being subdivided
- ✓ 3. Name and address of the applicant(s)

- ✓ 4. Name and address of the property owner(s)
- ✓ 5. Name, address and telephone number of the engineer and/or land surveyor who prepared the plan set
- ✓ 6. Date of plan preparation, with all revision date(s), if any
- ✓ 7. List of sheets contained within the plan set
- ✓ 8. Notation of any permits and/or agreements obtained from or made with State and Federal agencies, including permit number if applicable

(B) Every plan sheet submitted pursuant to Sections (C), (D), and (E), below, shall contain the following information:

- ✓ 1. Name of the proposed subdivision
- ✓ 2. Plat and lot number(s) of the land being subdivided
- ✓ 3. Name and address of the applicant(s)
- ✓ 4. Name and address of the property owner(s)
- ✓ 5. Name, address and telephone number of the engineer and/or land surveyor who prepared the plan
- ✓ 6. Date of plan preparation, with all revision date(s), if any
- ✓ 7. Graphic scale
- ✓ 8. True north arrow
- ✓ 9. Zoning district(s) of the land being subdivided; if more than one district, zoning boundary lines must be shown
- ✓ 10. Perimeter boundary lines of the subdivision, drawn so as to distinguish them from other property lines, with dimensions indicated
- ✓ 11. Location, width and names of existing public and private streets within and immediately adjacent to the subdivision parcel
- n/a 12. Perimeters of wetland areas on the subdivision parcel(s), if any, as flagged by a certified wetlands biologist, and associated wetland buffers as defined by RIDEM; verification by RIDEM may be required if deemed necessary by the Administrative Officer due to the potential constraints on developable lot size

- N/A 13. Buffer areas, as defined by RIDEM, for any wetlands located on parcels adjacent to and extending into the subdivision parcel(s)
- N/A 14. Coastal features adjacent to the subdivision parcel(s), if any, as identified or flagged by a certified wetlands biologist and verified by RI CRMC, and associated wetland buffers as defined by RI CRMC
- 15. Boundaries and notation of the FEMA Flood Zones within and immediately adjacent to the subdivision, including base flood elevation data for applicable zones

(C) Existing Conditions Plan(s)

The applicant shall submit an Existing Conditions Plan(s), which shall accurately depict the following information, in addition to the information listed in (B), above:

- 1. Area of the subdivision parcel(s)
- 2. An aerial photograph of the subdivision parcel(s)
- 3. Exact location of existing easements and rights-of-way within or adjacent to the subdivision parcel(s), with a notation of the South Kingstown Land Evidence Records Book and Page reference
- 4. Plat and lot numbers of all abutting property and property immediately across any adjacent public or private streets
- 5. Names of abutting property owners and property owners immediately across any adjacent public or private streets
- 6. Notation of existing ground cover with depiction of any existing wooded areas
- 7. Boundaries and notation of the soil types classifications for the entire area of the subdivision parcel(s), as identified by the most recent USDA RI Soil Survey
- 8. Location of any areas of existing, active agricultural use, or if no such use is present on the site, a notation indicating such
- 9. Identification of areas containing prime agricultural soils and farmland soils of statewide importance, or, if no such soils are present on the site, a notation indicating such
- 10. Existing contours at intervals of two (2) feet, with identification of ridge lines of existing hills
- N/A 11. Boundaries of applicable watersheds for the subject parcel

- ✓ 12. Location and approximate coverage of any existing streets, driveways, farm roads, woods roads, and/or trails that have been in public use (pedestrian, equestrian, bicycle, etc.)
- ✓ 13. Accurate location, size, and use/type of existing buildings or significant above-ground structures on the subdivision parcel(s)
- ✓ 14. Approximate location and size of existing buildings or significant above-ground structures on parcels immediately adjacent to the subdivision parcel(s)
- ✓ 15. Approximate location and type of all existing above and below ground utilities, including sewer, water, gas, electric, stormwater drainage and communications or telecommunications infrastructure, as may be present on the site or within the right of way along the property frontage
- ✓ 16. Location and assumed perimeter of historic cemeteries on or immediately adjacent to the subdivision parcel(s), or, if no historic cemeteries are present on the site, a notation indicating such
- ✓ 17. Accurate location of any unique historic features present on the site, including but not limited to stone walls, or if none, a notation indicating such
- ✓ 18. Accurate location of any unique natural features present on the site, or if none, a notation indicating such
- ✓ 19. Location and size of trees with a caliper of fifteen inches or greater that are within the area proposed for disturbance or alteration
- ✓ 20. Notation indicating that the subdivision parcel(s) are located or not located within the following areas of special concern:
 - ✓ a. Natural Heritage Areas, as defined by RIDEM
 - ✓ b. The area(s) under the jurisdiction of any Special Area Management Plan (SAMP) of RI CRMC, including but not limited to the Narrow River SAMP, and the Salt Ponds Region SAMP
 - ✓ c. The Town of South Kingstown Groundwater Protection Overlay District
 - ✓ d. Areas within a TMDL watershed, as identified by RIDEM and the Town of South Kingstown
 - ✓ e. An OWTS Critical Resource Area, as defined by RIDEM
 - ✓ f. A Drinking Water Supply Watershed, as defined by RIDEM

- ✓ 21. Notation indicating that the subdivision parcel(s) or any building(s) within the parcel is or is not listed on the National Register of Historic Places
- ✓ 22. Certification by a RI Registered Land Surveyor that a perimeter survey of the land being subdivided has been performed and meets a Class I standard for property lines and a Class III standard for topographic and existing conditions information

✓ (D) Yield Plan

The applicant shall submit a Yield Plan demonstrating the maximum number of lots that the subdivision would be allowed under the conventional zoning and subdivision requirements, taking into account all environmental, natural and man-made physical constraints to improvement. The Yield Plan shall comply with the dimensional requirements of the zoning district in which it is located, and shall accurately depict the following information, in addition to the information listed in (B), above:

- ✓ 1. Boundaries and total area of any land classified as "unsuitable for development," as defined by the Subdivision and Land Development Regulations
- ✓ 2. Number of buildable lots
- ✓ 3. Lot lines, with accurate dimensions and lot areas, drawn so as to distinguish them from existing property lines
- ✓ 4. Streets, with accurate areas and dimensions, designed in compliance with the Subdivision and Land Development Regulations' street design standards, as may be necessary to provide the required frontage for each buildable lot
- ✓ 5. Demonstration that each developable lot would have permanent and adequate physical access to a public street
- ✓ 6. If future development is to be serviced by an On-Site Wastewater Treatment System(s), soil evaluations on each lot, which have been performed by a licensed RI soil evaluator and witnessed by RIDEM, indicating that an OWTS system would be permitted within the boundaries of each developable lot

✓ (E) Proposed Conditions Plan(s)

The applicant shall submit a Proposed Conditions Plan(s) that complies with the standards found within the Subdivision and Land Development Regulations. The Proposed Conditions Plan(s) shall accurately depict the following information, in addition to the information listed in (B), above:

- ✓ 1. Boundaries and total area of any land classified as "unsuitable for development," as defined by the Subdivision and Land Development Regulations
- ✓ 2. Proposed number of buildable lots

3. Proposed easements and rights-of-way within the subdivision parcel(s), or those to be acquired adjacent to the subdivision parcel(s) as may be necessary
4. Proposed lot lines, with accurate dimensions and lot areas, drawn so as to distinguish them from existing property lines
- N/A 5. Proposed streets, if any, with accurate areas and dimensions
- N/A 6. If proposed, notation as to whether the proposed street extension or creation is to be private or public
- N/A 7. Location, dimension, and anticipated use of any area(s) proposed to be set aside as open space
8. Proposed location, size, and type of all above ground and underground utilities servicing the property, including wastewater, water, gas, electric, stormwater drainage and communications or telecommunications infrastructure, as may be required for site development
9. Proposals, if any, for connection with existing water supply and sanitary sewer systems or a notation that wells and OWTS are proposed
10. If future development is to be serviced by an On-Site Wastewater Treatment System(s), soil evaluations in the relative location where each system is proposed, which have been performed by a licensed RI soil evaluator and witnessed by RIDEM
11. Conceptual designs of proposed stormwater management infrastructure, including type, location, and configuration

N/A (F) Open Space Use Plan (FDRPs only)

The Conceptual Master Plan submittal for any major subdivision proposed as a Flexible Design Residential Projects (FDRP) shall include an Open Space Use Plan, which depicts the following:

1. The general location and area of all proposed open space
2. The general proposed use(s) of each open space area
3. Existing topography of the open space areas
4. Existing ground cover of the open space areas
5. The location and nature of any buildings, structures, stone walls, or other unique natural and/or historic features within the open space areas

6. Indication of areas of open space from which existing vegetation will be removed or altered and areas which are proposed to be disturbed or otherwise graded, excavated, or altered from their existing natural state
7. Generalized proposals for re-grading, re-vegetating, and/or landscaping of proposed disturbed areas
8. Areas proposed to be left in their existing natural states without any disturbance

(G) Supporting Materials

The following supporting materials must be submitted at the time of application:

1. **16 copies** of either:

- ✓ A written, signed statement indicating the specific sections of the Regulations from which waiver and/or modification is requested; or
- ✓/A A written, signed statement indicating that no waivers and/or modifications are being requested

2. **16 copies** of a narrative report or written statement including:

- ✓ A general description of the existing physical environment and existing use(s) of the property;
- ✓ A general description of the use(s) and type(s) of development proposed;
- ✓ A statement and supporting maps and/or graphics that illustrates the approach utilized in designing the proposed subdivision, including consideration of existing conditions and significant site features;
- ✓ An estimate of the approximate population of the proposed subdivision;
- ✓ An estimate of the number of school-aged children to be housed in the proposed subdivision;
- ✓ A general analysis of soil types and suitability for the development proposed;
- ✓ A general viewshed analysis, showing the location and extent of significant views both from and within the proposed development parcel, as well as anticipated views into the property from adjacent public or private streets and properties;
- ✓ A statement of the potential fiscal impacts of the subdivision on Town expenses and revenues; and

N/A A description of proposed phasing, if any.

3. **10 copies** of a vicinity map drawn to a measurable scale as necessary to show the area within one-half mile of the subdivision parcel, identifying the locations of all streets, zoning district boundaries, schools, parks, fire stations, and other significant public facilities

4. **10 copies** of an aerial photograph of the subdivision parcel(s)

5. If no freshwater wetlands and/or wetland buffers are depicted within the plan set, **2 copies** of an affidavit signed by a qualified professional stating that there are no freshwater wetlands and/or buffer areas within the subdivision parcel(s)

N/A 6. If wetland edge verification is required by the Administrative Officer, **2 copies** of documentation of such verification from RIDEM

7. Either, **2 copies** of:

• An affidavit signed by a qualified professional stating that there are no coastal features and/or buffer areas adjacent to or within the subdivision parcel(s); or

N/A • A Preliminary Determination, including coastal feature verification, from the Coastal Resources Management Council.

N/A 8. For subdivisions proposing service by public water, **2 copies** of a written statement from the appropriate water company or district confirming that water service is available

N/A 9. For subdivisions proposing service by public sewer, **2 copies** of a written statement from the Town of South Kingstown Department of Public Services confirming that sewer service is available

10. For subdivisions proposing service by OWTS(s), **2 copies** of either:

N/A • Subdivision site suitability certification from RIDEM; or

• Soil evaluation approval from RIDEM

PRELIMINARY PLAN CHECKLIST
Major Subdivision

To initiate the application, the applicant shall submit to the Administrative Officer:

1. The application review fee, as established by the South Kingstown Subdivision and Land Development Regulations;
2. Sixteen (16) copies of the Project Review Application Form, printed double-sided;
3. Two (2) copies of the Project Team Form*;
4. One (1) notarized Owner Authorization Form for each owner of property proposed for subdivision*;
5. Six (6) full size, paper copies of each required plan, as indicated in Sections (A), (C), and (D), below;
6. The number of copies of each of the required supporting materials, as indicated in Section (E), below, printed double-sided as may be appropriate; and
7. PDFs of all application materials (all application forms, plans, and supporting materials), which are to be uploaded to the Town's FTP site.

**Forms must be submitted with each application. If no change has occurred in the Project Team or related to the ownership of the parcel since Conceptual Master Plan review and approval, duplicate copies may be submitted with notation of current date of submittal.*

If subsequent submittal of a revised plan set is required, the Administrative Officer will indicate how many full size and/or reduced copies are required. Each revised plan set shall also be submitted as a PDF(s). **When the plan set is ready for review by the Planning Board, ten (10) reduced (11 x 17) copies of the plan set will be required.**

The Administrative Officer shall have the authority to determine if any of the requirements of this Checklist are not applicable to the proposed development and therefore not required for a Certificate of Completeness to be issued.

(4) Cover Sheet

The Preliminary Plan set shall include a Cover Sheet, which includes the information listed below:

1. Name of the proposed subdivision
2. Plat and lot number(s) of the land being subdivided
3. Name and address of the applicant
4. Name and address of the property owner

- ✓ 5. Name, address and telephone number of the engineer and/or land surveyor who prepared the plan
- ✓ 6. Date of plan preparation, with all revision date(s), if any
- ✓ 7. List of sheets contained within the plan set
- ✓ 8. Notation of any permits and/or agreements obtained from or made with State and Federal agencies, including permit number if applicable

✓ (B) Every plan sheet submitted pursuant to Sections (C) and (D), below, shall contain the following information:

- ✓ 1. Name of the proposed subdivision
- ✓ 2. Plat and lot number(s) of the land being subdivided
- ✓ 3. Name and address of the applicant
- ✓ 4. Name and address of the property owner
- ✓ 5. Name, address and telephone number of the engineer and/or land surveyor who prepared the plan
- ✓ 6. Date of plan preparation, with all revision date(s), if any
- ✓ 7. Graphic scale
- ✓ 8. True north arrow
- ✓ 9. Zoning district(s) of the land being subdivided; if more than one district, zoning boundary lines must be shown
- ✓ 10. Perimeter boundary lines of the subdivision, drawn so as to distinguish them from other property lines, with dimensions indicated
- ✓ 11. Location, width and names of existing public and private streets within and immediately adjacent to the subdivision parcel
- ✓ 12. Perimeters of wetland areas on the subdivision parcel(s), if any, as flagged by a certified wetlands biologist and verified by RIDEM, and associated wetland buffers as defined by RIDEM
- ✓ 13. Buffer areas, as defined by RIDEM, for any wetlands located on parcels adjacent to and extending into the subdivision parcel(s)

- N/14. Coastal features adjacent to the subdivision parcel(s), if any, as identified or flagged by a certified wetlands biologist and verified by RI CRMC, and associated wetland buffers as defined by RI CRMC
- ✓15. Boundaries and notation of the FEMA Flood Zones within and immediately adjacent to the subdivision, including base flood elevation data for applicable zones

✓(C) **Existing Conditions Plan(s)**

The applicant shall submit an Existing Conditions Plan(s), which shall accurately depict the following information, in addition to the information listed in (A), above:

- ✓1. Area of the subdivision parcel(s)
- ✓2. Existing easements and rights-of-way within or adjacent to the subdivision parcel(s), with a notation of the Book and Page reference to the South Kingstown Land Evidence Records
- ✓3. Plat and lot numbers of all abutting property and property immediately across any adjacent public or private streets
- ✓4. Names of abutting property owners and property owners immediately across any adjacent public or private streets
- ✓5. Notation of existing ground cover with depiction of any existing wooded areas
- ✓6. Boundaries and notation of the soil types classifications for the entire area of the subdivision parcel(s), as identified by the most recent USDA RI Soil Survey
- ✓7. Location of any areas of existing, active agricultural use, or if no such use is present on the site, a notation indicating such
- ✓8. Identification of areas containing prime agricultural soils and farmland soils of statewide importance, or, if no such soils are present on the site, a notation indicating such
- ✓9. Existing contours at intervals of two (2) feet, with identification of ridge lines of existing hills
- N/10. Boundaries of applicable watersheds for the subject parcel
- N/11. Location and approximate coverage of any existing streets, driveways, farm roads, woods roads, and/or trails that have been in public use (pedestrian, equestrian, bicycle, etc.)
- ✓12. Accurate location, size, and use/type of existing buildings or significant above-ground structures on the subdivision parcel(s)

13. Approximate location and size of existing buildings or significant above-ground structures on parcels immediately adjacent to the subdivision parcel(s)
14. Accurate location, size, and type of all existing above and below ground utilities, including sewer, water, gas, electric, stormwater drainage and communications or telecommunications infrastructure, as may be present on the site or within the right-of-way along the property frontage
15. Location and assumed perimeter of historic cemeteries on or immediately adjacent to the subdivision parcel(s), or, if no historic cemeteries are present on the site, a notation indicating such
16. Accurate location of any unique historic features present on the site, including but not limited to stone walls, or if none, a notation indicating such
17. Accurate location of any unique natural features present on the site, or if none, a notation indicating such
18. Location and size of trees with a caliper of fifteen inches or greater that are within the area proposed for disturbance or alteration
19. Notation indicating that the subdivision parcel(s) are located or not located within the following areas of special concern:
 - a. Natural Heritage Areas, as defined by RIDEM
 - b. The area(s) under the jurisdiction of any Special Area Management Plan (SAMP) of RI CRMC, including but not limited to the Narrow River SAMP, and the Salt Ponds Region SAMP
 - c. The Town of South Kingstown Groundwater Protection Overlay District
 - d. Areas within a TMDL watershed, as identified by RIDEM and the Town of South Kingstown
 - e. An OWTS Critical Resource Area, as defined by RIDEM
 - f. A Drinking Water Supply Watershed, as defined by RIDEM
20. Notation indicating that the subdivision parcel(s) or any building(s) within the parcel is or is not listed on the National Register of Historic Places
21. Certification by a RI Registered Land Surveyor that a perimeter survey of the land being subdivided has been performed and meets a Class I standard for property lines and a Class III standard for topographic and existing conditions information

(D) Proposed Conditions Plan(s)

The applicant shall submit a Proposed Conditions Plan(s), which shall be in substantial conformance with the approved Conceptual Master Plan. Any utility, monumentation, or other physical improvement details shown within the Plan(s) shall conform to the standards found within the Subdivision and Land Development Regulations. The Proposed Conditions Plan(s) shall accurately depict/include the following information, in addition to the information listed in (A), above:

- N/A 1. Boundaries and total area of any land classified as "unsuitable for development," as defined by the Subdivision and Land Development Regulations
- ✓ 2. Proposed number of buildable lots
- ✓ 3. Proposed easements and rights-of-way within the subdivision parcel(s), or those to be acquired adjacent to the subdivision parcel(s) as may be necessary
- ✓ 4. Proposed lot lines, with accurate dimensions and lot areas, drawn so as to distinguish them from existing property lines
- N/A 5. Location, dimension, and proposed use of any area of land proposed to be set aside as open space
- N/A 6. Locations and types of proposed survey monumentation, including any required open space markers
- N/A 7. Proposed streets, if any, with accurate areas and dimensions
- N/A 8. If proposed, notation as to whether the proposed street extension or creation is to be private or public
- N/A 9. Proposed street names
- N/A 10. If proposed, roadway design plan(s) and profile(s), including existing and proposed elevations and locations of proposed utility infrastructure
- N/A 11. Any proposed on- and/or off-site improvements, including sidewalks and bicycle paths
- ✓ 12. Proposed location, size, and type of all above ground and underground utilities servicing the property, including wastewater, water, gas, electric, stormwater drainage and communications or telecommunications infrastructure, as may be required for site development
- N/A 13. If proposed, plan and profile design information for any extension of public or private utility infrastructure
- ✓ 14. Limits of disturbance/work relative to road and/or infrastructure installation

- ✓ 15. Grading plan(s), to show proposed contours at 2-foot intervals for all grading proposed for on- and off-site street construction, drainage facilities, and upon individual lots if part of proposed subdivision improvements
- ✓ 16. Soil erosion, run-off and sedimentation control plan(s)
- ✓ 17. If future development is to be serviced by an On-Site Wastewater Treatment System(s), soil evaluations in the relative location where each system is proposed, which have been performed by a licensed RI soil evaluator and witnessed by RIDEM
- ✓ 18. Stormwater management plan(s), to show accurate designs and details of proposed stormwater management infrastructure, including type, location, and configuration, prepared by a ~~Registered Professional Engineer~~ **PLS**
- N/A 19. Landscape plan(s), to show all significant proposed clearing of land, removal of existing vegetation, re-vegetation, landscaping on street rights-of-way, within common areas, and upon individual lots (if part of proposed subdivision improvements), and landscape installation details and related notations
- ✓ 20. All utility and site improvement related details, including those related to the installation of streets, sidewalks, drainage systems, and utility infrastructure both on- and off-site, as applicable
- N/A 21. Proposed phasing, including depiction of which on- and off-site improvements are to be installed in which phase, if applicable
- N/A 22. Certification by a RI Registered Professional Engineer that the construction drawings are correct

(E) Supporting Materials

The following supporting materials must be submitted at the time of application:

1. **16 copies** of either:
 - ✓ A written, signed statement indicating the specific sections of the Regulations from which waiver and/or modification is requested and noting any difference in the request from the Conceptual Master Plan submittal; or
 - N/A A written, signed statement indicating that no waivers and/or modifications are being requested
- N/A For subdivisions proposing service by public water, **2 copies** of a written statement from the appropriate water company or district that the proposed plan, with plan revision date indicated, has been reviewed and which provides:
 - Confirmation that water service is available;

- Approval of connection to the existing water main as depicted on the plan; and,
- If extension is proposed, approval from the company or district of the extension of the water main as depicted on the plan

N/A 3. For subdivisions proposing service by public sewer, **2 copies** of a written statement from the Town of South Kingstown Department of Public Services that the proposed plan, with plan revision date indicated, has been reviewed and which provides:

- Confirmation that sewer service is available;
- Approval of connection to the existing sewer main as depicted on the plan; and
- If extension is proposed, approval of extension of the sewer main as depicted on the plan

N/A 4. **2 copies** of drainage calculations, associated explanatory narrative, and all supporting documentation, including an Operations and Maintenance manual for the system

N/A 5. For developments proposing new physical access to a State right-of-way, **2 copies** of a RIDOT Physical Alteration Permit

PENDING 6. For developments proposing use of existing physical access to a State right-of-way, **2 copies** of an amendment to the original RIDOT Physical Alteration Permit, or of a letter from RIDOT indicating that no further RIDOT approval is necessary

N/A For subdivisions with freshwater wetlands present on the subdivision parcel(s), **2 copies** of either:

- An RIDEM wetlands permit, if required pursuant to RIDEM rules and regulations; or
- A letter of non-jurisdiction from RIDEM

✓ 8. **2 copies** of any RIDEM stormwater or other general construction permits that are required, or an affidavit, *✓* signed by a qualified professional, stating that no RIDEM stormwater or construction permits are required

PENDING 9. **2 copies** of written confirmation that the applicable Fire District has reviewed the proposed plan(s) and approves the proposed street design relative to emergency vehicle access and fire suppression requirements

✓ 10. A list of the names and addresses of all owners of property, agencies, or communities requiring notification of the subdivision pursuant to the Regulations

N/A 11. **10 copies** of a statement indicating the desired option for completion of the physical on-site improvements, which shall be either agreement to complete the improvements prior to endorsement and recording or a request for an improvement guarantee, as described in the Regulations

Project Narrative

PROJECT NARRATIVE

Two-Lot Flexible Design Subdivision No Street Creation

Lee G. Hemmerle Trust, Owner/Applicant
AP 74 Parcel 7
350 Ministerial Road
South Kingstown, Rhode Island

"Providing Quality Services Since 1980"

National Society of Professional Land Surveyors
Canadian Institute of Geomatics
Rhode Island Society of Professional Land Surveyors
Soil and Water Conservation Society International Erosion Control Association

Existing Physical Environment and Uses:

LOCATION: The existing parcel is generally located on the westerly side of Ministerial Road in town. The parcel is approximately 2380 feet northerly of the intersection of Ministerial Road and (Old) Post Road.

CURRENT USES: Most of the subject site is unimproved. There is an existing residential dwelling on the site, as indicated on the design mapping, which was constructed in 1986.

AREA AND FRONTAGE: The total parcel area is approximately 7.8 acres. The parcel has approximately three hundred twenty-four (324) feet of frontage on the existing town roadway (Ministerial Road).

ZONING: The zoning of the parcel is R-80.

SURROUNDING USES: There are adjoining existing residential dwellings to the south and north and existing open space land to the west.

WETLAND FEATURES: Based upon extensive site visits and inspection, there are no existing freshwater and/or coastal wetland features located on or near the parcel.

TOPOGRAPHIC CONDITIONS: The topographic condition of the parcel is undulating and slopes from east to west with elevations ranging from lows of approximately 110 at Ministerial Road to highs of approximately 174 near the westerly portion of the parcel [RIGIS 2011 LiDar relative to NAVD88).

SITE SOILS: The subject site's soil characteristics (in the area of the new lot) are that of the Gloucester (GhD) soil type. This soil series is generally without complications of groundwater and/or ledge and has severe restrictions for construction of dwellings with basements (from slopes).

"Providing Quality Services Since 1980"

National Society of Professional Land Surveyors
Canadian Institute of Geomatics
Rhode Island Society of Professional Land Surveyors
Soil and Water Conservation Society International Erosion Control Association

Proposed Use:

The applicant proposes to subdivide the subject site into a total of two (2) lots utilizing the Flexible Design criteria.

The existing dwelling lot (LOT 1) has a frontage of two hundred twenty-five (225) feet at the right of way line and an area of approximately 3 acres. All zoning setbacks to the existing structures will be maintained or exceeded. This dwelling is currently serviced by an Onsite Wastewater Treatment System (OWTS) and private water supply, both of which will remain in place.

The proposed new lot (Lot 2) has a frontage of ninety-nine and 01/100 (99.01)' and an area of approximately 4.9 acres. This new lot will be served by a new onsite wastewater treatment system (OWTS) and a new private water supply.

The proposed building site for Lot 2 will not be visible from Ministerial Road. This site has been selected due to its topographic characteristics (at elevation 174 NAVD). The proposed building site for Lot 2 will be visible from the northerly abutting parcel and dwelling. It is unlikely that this site will be visible from the southerly abutting parcels and dwellings due to topography and vegetation.

The estimate of the subdivision's population is 2.5 persons/household x 2 households = 5 persons.

The estimate of the subdivision's school age population is 0.53 children/household x 2 households = 1 child.

Wetland/Buffer Affidavit

DATE: 20 April 2021

TO: Jason Parker, AICP, CFM
Planning Department
Town of South Kingstown
180 High Street
Wakefield, RI 02879

RE: *Lee G. Hemmerle Trust*
AP 74 Parcel 7, 350 Ministerial Road, South Kingstown, RI
Affidavit Regarding No Freshwater Wetland and/or Buffer Areas
Coastal Features and/or Buffer Areas
Master Plan and Preliminary Plan Review

FROM: Alfred W. DiOrio, PLS, CPESC

Based upon numerous site visits, including performing a boundary survey which involved the recovery and observation of the parcel corners, I did not witness any evidence of freshwater wetlands and/or associated buffer areas on, or in proximity, to the subject site.

Based upon numerous site visits, including performing a boundary survey which involved the recovery and observation of the parcel corners, I did not witness any evidence of coastal wetlands and/or associated buffer areas on, or in proximity, to the subject site.

Additionally, there are no RIDEM stormwater and/or construction permits required for this project.

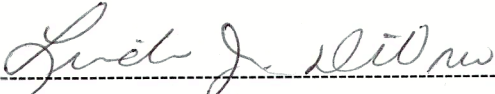

Alfred W. DiOrio, PLS, CPESC, CFM

180 High Street
Wakefield, RI 02879

RE: *Lee G. Hemmerle Trust*
AP 74 Parcel 7, 350 Ministerial Road, South Kingstown, RI
Potential Fiscal Impacts

FROM: Alfred W. DiOrio, PLS, CPESC

PROJECT REVENUES:

- A. Existing Dwelling and Real Estate
Assessment = \$412,400 Tax Rate=\$14.45/\$1000 Tax=\$28,540
- B. Proposed Dwelling (Not Including Any Real Estate)
Assessment = \$360,654 Tax Rate=\$14.45/\$1000 Tax=\$24,959

PROJECT EXPENSES:

- A. Education (One Child @ \$20,482) = \$20,482

NET GAIN: \$33,017

Presumptions:

1. No duplication of real estate included for LOT 2 although the new building lot would most likely be taxed at a higher rate.
2. Proposed dwelling assessment at same value as existing dwelling although the proposed dwelling would most likely be valued at a greater amount.
3. Municipal fees from associated activities such as application fees, inspection fees, etc. are not included.

Note 1: Jamestown and Little Compton do not have high schools and pay tuition to send their students in grades 9-12 to high schools in other communities. This results in higher per pupil expenditure costs since ADM (Average Daily Membership) does not capture these students. Tuition payments are, however, included in the total expenditures. Adding the RADM (Resident Average Daily Membership) for these high school students going outside the district, the per pupils in these districts would be as follows:

District	RADM	Total PPE	Net PPE
Jamestown	662	\$ 19,268	\$ 19,090
Little Compton	364	\$ 19,991	\$ 19,991

Subject: RE: Request to Review Proposed Subdivision Plan as Required by South Kingstown

Good Morning, Chief...

Just quickly following up on my recent email of 04-08 as I have not received any response from you to date.

Should you have any questions, please feel free to call/email me at any time.

Thanks in advance and best wishes,
A

Subject: Request to Review Proposed Subdivision Plan as Required by South Kingstown

Good Morning, Chief Chris Hiener...

As required by the Town of South Kingstown, our proposed two (2) lot minor subdivision with no street creation needs to be reviewed by your office.

My client owns this property which presently has a single-family residence and access drive onto Ministerial Road. There are no drainage issues as the topography runs back onto the subject site. There are no sight distance issues as the existing drive is at the crest of a hill.

Good Morning, Chief Chris Hiener...

As required by the Town of South Kingstown, our proposed two (2) lot minor subdivision with no street creation needs to be reviewed by your office.

My client owns this property which presently has a single-family residence and access drive onto Ministerial Road. There are no drainage issues as the topography runs back onto the subject site. There are no sight distance issues as the existing drive is at the crest of a hill.

Our proposal is to create one (1) additional single-family lot at the rear of this site. The Planning Board has mandated that this new lot must share the existing access onto Ministerial Road. We have created a proposed access easement which is depicted on the attached mapping.

The town requires documentation from the Fire District indicating that this project is acceptable. I am hoping that, given the site conditions and the relatively minor increase in usage, your office might draft correspondence indicating same.

Should you require any additional information from me to complete your review, please call/email at any time.

Thanks in advance and best wishes.

Al
